

Job Advertisement for Project Officer - Field Veterinarian Marsabit, Kenya.

A. Introduction

VSF Germany is an international Non-Governmental Organization, providing humanitarian aid and development assistance to pastoralists and vulnerable communities in areas where livestock is of importance. In the region, VSF Germany implements activities in the Republic of South Sudan, Sudan, Kenya, Somalia, Uganda and Ethiopia. With support in animal health, agriculture, marketing, food safety, drought responses and mitigation, but also developing the capacity of communities and governmental institutions or initiating diversified income sources towards food security and strengthened livelihoods of pastoralist communities.

VSF Germany is implementing the project '***Integrated Live-saving and Disaster Risk Reduction Project***' in Marsabit and Turkana Counties, in Kenya, funded by German Federal Foreign Office for the next 24 months.

The overall objective of the program is to "***Improve health, nutrition and self-reliance of conflict-affected communities, IDPs and returnees as a result of enhanced access to diversified food sources, safe water, sanitation services, improved hygiene practices and strengthened livelihoods***".

Key outputs of the project are:

Output 1: 5000 households of smallholder farmers, pastoralists and fisher folks in Marsabit and Turkana counties have access to improved production, value addition, extension and training inputs and services.

Output 2: 4000 households of the target communities have access to adequate and safe water for domestic use and for livestock watering, hygiene promotion and environmental sanitation services.

Output 3: 2000 households of extremely vulnerable households have improved social protection capacity through access to multipurpose cash services.

Output 4: 1000 women and 500 girls have access to protection support services against gender-based violence through awareness creation, supporting multipurpose centers and capacity building trainings.
