Expected Start Date	1 st August 2026
Duration of Contract	12 months renewable depending on performance
Reporting to	VSFG Country Director (or designated line manager)
Contract Type	This is International Position

Background

Vétérinaires Sans Frontières - Germany (VSF Germany) is a non-governmental, non-profit making international Organization, engaged in the field of veterinary relief and development work providing humanitarian aid and development assistance to pastoralists and vulnerable communities in areas where livestock is of importance. With support in animal health, agriculture, marketing, and food safety, VSFG works towards food security and strengthened livelihoods of pastoralist communities. VSF Germany implements activities in Ethiopia, Sudan, South Sudan, Kenya, Uganda and Somalia.

VSF Germany seeks to recruit qualified and well experienced staff for the position of **Project Manager (1 Position)** to be based at VSF Germany Office at the field **location Fangak County**, South Sudan with **100% field base with frequent travel to Pigi/Canal**. The holder of this position will have an overall environmental and social safeguards oversight for all projects implemented in South Sudan Country Program under VSF Germany.

Determined by the level of experience as assessed during the recruitment process. Female candidates are highly encouraged to apply.

Principal Duties and Responsibilities

This position will be assigned the following duties and responsibilities:

- The incumbent will be responsible for the project planning, management, monitoring and implementation.

- Ensure the project implementation progress is in line with the activity work plan and budget plan.
- Ensure that donor and government regulations are adhered to and that necessary administrative, financial and implementation controls are observed.
- Manage the project budget ensuring strict monitoring on all expenditure.
- Participate and contribute to relevant project related network and links.
- Ensuring effective communication and collaboration between partners. Act as the primary liaison with the GFFO, HELP Germany, local government stakeholders, and community governance structures.
- Develop work plans, financial projections and verify all financial reports as per approved budget.
- Manage the flow of technical reports and compilation of the same in the project narratives for internal and donor reporting and review financial reports as per allocated budget and expenditures.
- Support internal and external monitoring and evaluation exercises including donor and government visits.
- Manage the project team with clear guidance in the different components of the project implementation
- Detect needs in the areas of intervention and conduct needs assessments
- Collaborate with other VSF G other running projects in the area and government counterpart at all levels
- Consider cross cutting issues during project activity implementation such as accountability to affected populations, Do No Harm, community complaint and feedback mechanisms, etc.
- Represent VSF-G and GFFO project in various project forum and networking levels.
- Documentation and capturing best practices/human interest stories etc.
- Contribute to need assessment and new proposal writing through providing necessary data and information from the field

Experience, skills and knowledge requirements

- Degree in Doctor of Veterinary Medicine (DVM) or a Master's Degree in Animal Science; Food Security and Livelihoods or a related field
- Minimum eight (8) years of experience in project management, preferably in food security, livestock, and emergency response programs in conflict/post-conflict settings.
- Minimum of one-two years of proven experiences of international engagement in the program or project management in the conflict prone and pastoralists set up environment in the Horn of Africa Region preferably in the South Sudan
- Proven experience of implementing MSD approach for the Animal Health intervention as an approach for the full implementation cost recovery in pastoralist or agropastoral livelihoods system
- Proven leadership in managing multi-stakeholder projects; familiarity with GFFO funding.
- Team leadership experience preferred and proven people management skills.
- Strong knowledge of LEGS standards and community-based animal health.
- Excellent communication skills; fluency in English; knowledge of local languages advantageous.
- Ability to work in remote, insecure environments.
- Firm belief in teamwork, gender equality, sensitivity to HIV/AIDS, participatory approach and sustainable development.
